

### Homework - 14<sup>th</sup> January 2022

Since returning after the holidays, we have been looking at division using bus stop method both with and without remainders. Please have a go at these questions below. The first ones don't have any remainders but the later questions do.

1).  $84 \div 4 =$

2).  $69 \div 3 =$

3).  $24 \div 2 =$

4).  $65 \div 5 =$

5).  $56 \div 4 =$

6).  $98 \div 7 =$

7).  $363 \div 3 =$

8).  $670 \div 5 =$

9).  $642 \div 6 =$

10).  $936 \div 9 =$

11).  $35 \div 3 =$

12).  $184 \div 7 =$

13).  $364 \div 5 =$

14).  $7549 \div 6$

15).  $8145 \div 8 =$

16).  $7757 \div 7$
