

10.09.2021 Homework

In maths this week we have been focusing on 2D and 3D shapes. Using the word mats, please can you discuss with your child the names of these shapes and their properties e.g. a square has 4 straight sides and 4 vertices. A cylinder has 3 faces, 2 edges and 0 vertices.

Please can your child also spend some time on Doodle. Last Friday, they were all given their new username and password.

Thank you,

Miss Havercroft, Mrs Dent and Mrs French
