

## Homework - Friday 10<sup>th</sup> June 2022

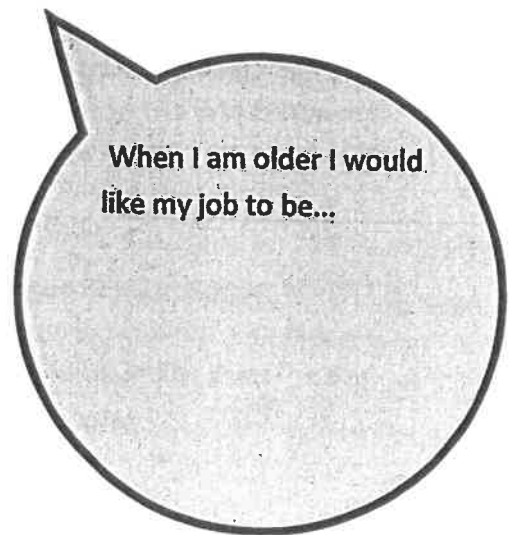

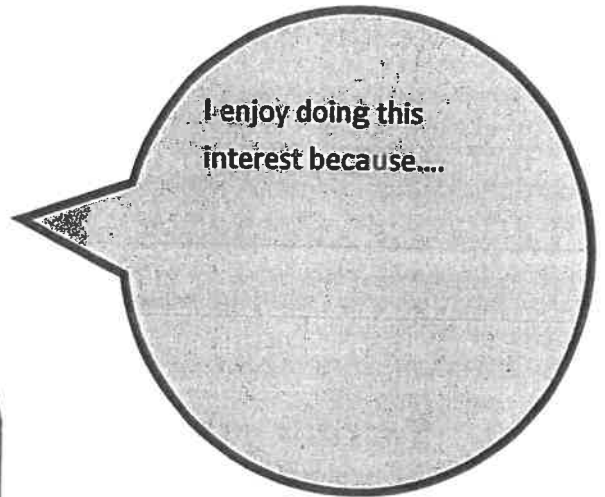

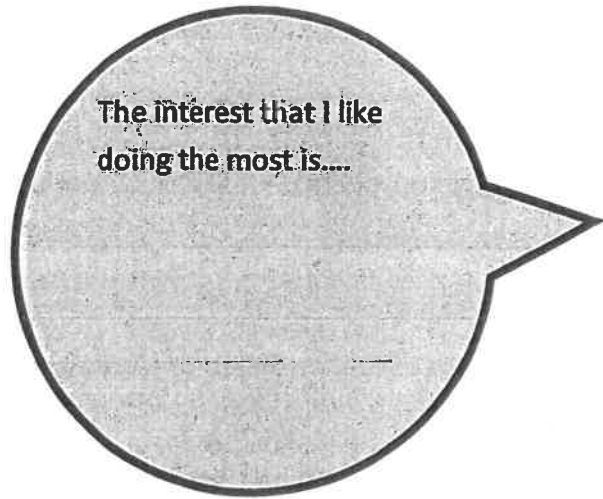

Our school is taking part in 'The Generation Project'.

Every child has their own wooden peg to transform into their future goal for themselves. This could be a doctor, a book lover, a chef, maybe even an artist!

The pegs can be decorated however you like. You can use paint, felt tips, fabrics and can add different accessories to it such as clothes or tools relating to your future dream. (Please do not use glitter on these)

All these pegs will be brought together and be part of several mini exhibitions during the summer holidays around different locations throughout the North Lincolnshire area. These will include 20:21 Visual Arts Centre, Normanby Hall, The Rural Life Museum and the North Lincolnshire Museum.

As part of our **Generation Project**, we'd like you to think about what you like to do for fun, what are your 'interests'? This could be a hobby you like to do and might be a job you would like to do in the future. Draw yourself on this peg template in the future doing the thing that you love!
