

## Tables and Charts 2

1 A group of aliens are asked to pick their favourite colour.

Their answers are shown in the bar chart.

a) Which is the most popular colour?

b) How many aliens like green best?

c) How many aliens are in the group?

2 A group of 30 children pick their favourite ice-cream.

Their choices are shown in the pictogram.

= 2 children

a) How many children like strawberry better than chocolate?

b) What is the least popular flavour?

### Activity

Ask the children in your class what their favourite colour is. Shows your results in a bar chart and a pictogram.

### Learning Objective:

"I can show information in a pictogram or bar chart."

# Sorting Data 1

Key  
Objective

1 The table shows which of Adam's friends like apples and bananas.

Put the information in the table into the Venn diagram.

	Apples	Bananas
Sasha	✓	✓
Jake	✓	X
Neil	X	✓
Amy	✓	✓

2 Look at the numbers: 3 13 24 36 21 19

a) Write the numbers in the correct places on the Venn diagram.

b) Add 32 to the Venn diagram.

### Activity

Ask five of your friends whether they like jam and peanut butter. Draw a Venn diagram to show your results.

### Learning Objective:

"I can place objects on a Venn diagram."
