

Homework - 19th March 2021

For Homework this week we would like you to have a look at the attached document 'Writing multiplication and division statements'. The children have to follow the example at the top of the document and count the rows and columns to work out the multiplication and division statements. The answers are included on the last page of the document. If you have finished you might like to use objects (such as Lego) or draw your own arrays to practice the skill.

Please let us know if you need any further guidance.

Mrs French, Mrs Dent and Miss Hall.
