Shared Reading

Today we would like you to spend 30 minutes on Reading Plus. Remember to read each text carefully and to use the re-reads if you need to when you are answering questions. Don't forget that there are also vocabulary questions that you can try too. Remember there are 5 assignments to do each week so you need to try and aim to do one every day.

English

Non chronological reports use conjunctions to link or join together parts of sentences. Watch the following video which explains the basics of conjunctions:

<https://www.youtube.com/watch?v=I-IuR22gbQ>

Now watch this video which goes into more detail about conjunctions and different types of conjunctions:

<https://www.youtube.com/watch?v=2US4cZJWrus>

Now, have a go at the two star worksheet. If you are finding it a little tricky, try the one star sheet. If you would like a challenge, try the three star worksheet. The answers to each star sheet are in the pdf document. You can write your sentences in a word document and email it to school, or print and write on the work sheet you have chosen and email us a picture of your work.

Maths

Today you are going to be looking at the four different number operations (adding, subtracting, multiplying and dividing). Start by completing the questions on the 'Y4 maths starter 25.02.21'. There are 4 questions. If you get them done try and write what time it is on the clock in the corner of the sheet. Watch the video at <https://vimeo.com/430337938> . Complete the different activities on the video and when asked complete the questions on the worksheet entitled 'Y4 maths 25.02.21'. The answers are on the sheet Y4 maths answers 25.02.21'.

Computing

Today is your final lesson on spreadsheets. You are going to use a series of data in a spreadsheet to create a line graph. A **line graph** is used to display information which changes over time. It is plotted on a graph as a series of points joined with straight lines.

Go on the 'Computing Lesson 5 25.2.21' document and follow the instructions.

PSHE

The topic for this term is 'Healthy Me'. Today you are going to recognise how different friendship groups are formed, how you fit into them and think about the friends you value the most and why.

Go through the document entitled 'Healthy Me Lesson 1' and go through the tasks. You will also need the document entitled 'Friendship Circles 25.2.21 for this lesson.

Take care,

Mrs Noble and Miss Havercroft
