

**Monday 6<sup>th</sup> July**

**Year 4**

[admin.bowmandale@northlincs.gov.uk](mailto:admin.bowmandale@northlincs.gov.uk)

@BowmandalePS

Only two weeks left until the Summer holidays!!

**Reading**

Read a book of your choice to a pet, sibling or grown up.

**English**

Please complete the sheet about homophones - they're/their/there. There is a display poster with the meanings of the homophones, with examples.

When you have completed the sheet, have a go at writing your own sentences using they're/their/ there correctly.

Can you try and use all three homophones in one sentence?

**Maths**

# Ordering numbers beyond 1000

Order and compare numbers beyond 1000

Challenge 1

1 Order each set of numbers, smallest to largest.

- a 3871, 2356, 1736, 5197      b 5812, 3982, 2645, 1836  
 c 4876, 1088, 3721, 2677      d 5222, 3121, 1889, 2776

2 Order each set of numbers, smallest to largest. Look at the 100s digits to help you.

- a 1487, 1289, 1578, 1065      b 3825, 3166, 3498, 3255  
 c 5538, 5216, 5754, 5111      d 4622, 4826, 4286, 4166

Example

3185, 3288, 3346, 3409

Challenge 2

1 Order each set of numbers, smallest to largest.

- a 4879, 2789, 4791, 2178      b 6372, 6187, 4277, 4722  
 c 3981, 3521, 3734, 3143      d 8256, 7256, 8454, 7454

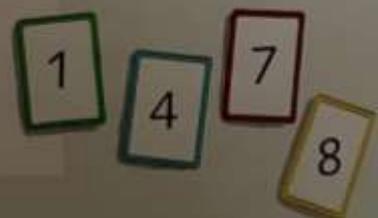

2 For each number on these whiteboards, write one 4-digit number that is smaller and one that is larger.

a	b	c	d	e	f	g	h
4761	3981	5003	7228	6709	8114	7226	3000

Challenge 3

1 Write a set of instructions for ordering 4-digit numbers.

2 Using the cards, make two 4-digit numbers that are smaller and two 4-digit numbers that are larger than each of the numbers on the whiteboards above.

## Answers

### Challenge 1

1.

a) 1736, 2356, 3871, 5197

b) 1836, 2645, 3982, 5812

c) 1088, 2677, 3721, 4876

d) 1889, 2776, 3121, 5222

2.

a) 1065, 1289, 1487, 1578

b) 3166, 3255, 3498, 3825

c) 5111, 5216, 5538, 5754

d) 4166, 4286, 4622, 4826

### Challenge 2

1.

a) 2178, 2789, 4791, 4879

b) 4277, 4722, 6187, 6372

c) 3143, 3521, 3734, 3981

d) 7256, 7454, 8256, 8454

2. Answers may vary.

### Challenge 3

1.

An example may include:

Step 1: Look at the thousands digit first (4521)

Step 2: If you are ordering from smallest to largest, choose the number with the smallest digit in the thousands column. (1542 6523 9789)

Step 3: Continue to use the thousands column to order the numbers. (1542 6523 9789)

Step 4: If you find the digit in the thousands column is the same, look to the hundreds column and choose the smallest digit (if ordering from smallest to largest). 4521 4780 4881

Step 5: If you find the thousands and hundreds digits are the same, look to the tens column and choose the smallest digit (if you are ordering from smallest to largest). 2120 2135 2151

Step 6: If you find the thousands, hundreds and tens digits are all the same, look to the ones column and choose the smallest digit (if you are ordering from smallest to largest). 3650 3653 3569

2. Answers will vary, as long as the numbers created are smaller/larger than the given numbers

### Art

Children's Art week runs from 29<sup>th</sup> June-19<sup>th</sup> July. Each week there is a theme and this week's theme is 'Connecting across generations'.

### Task

Can you follow the step by step instructions on how to draw a portrait? You could have a go at drawing members of your family or your friends.

Please see attached PDF.

Thank you for working so hard!

Miss Havercroft, Mrs French, Mrs Dent, Miss Dunkerley and Miss Turner.
